EXPANDING HORIZONS

President's Message

YMCA Southcoast is a cause-driven organization dedicated to strengthening communities through youth development, healthy living and social responsibility. Whether it's nurturing the potential of children and teens, improving health and well-being, or giving back to support neighbors, involvement with the Y has a positive impact on those in your community.

A key Association focus for 2014 was the Fall River YMCA. The historic 110 year old building in downtown Fall River went through an \$11.2 million restoration project. We have expanded the horizons with the historic preservation to not only be a state-of-the art, handicapped accessible Y facility, but to now have the space and resources to help focus on the needs of the community. From addressing the health and wellness concerns to helping our children achieve educational improvement in the new BayCoast Bank Educational Achievement Center, the Y has something to offer every member of the community.

We have also been working hard to spread the Y's mission to deliver positive, personal and social change, by partnering with local business leaders, community advocates, parents, teens and individuals, who want to give back and support their neighbors and volunteer at the Y.

Through a combination of fundraising efforts, YMCA Southcoast provided more than \$833,000 in financial assistance in 2014. Thank you to all the supporters of our Annual Campaign who helped to ensure that our Y is available to everyone.

Please join me in celebrating our 2014 accomplishments.

Sincerely,

Gary R Schuyler
President & CEO
YMCA SOUTHCOAST

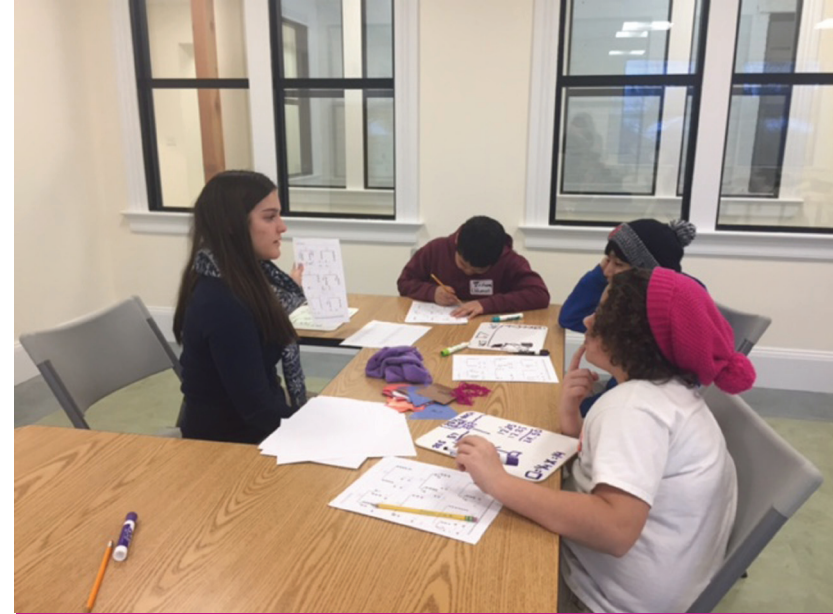

Educational Achievement

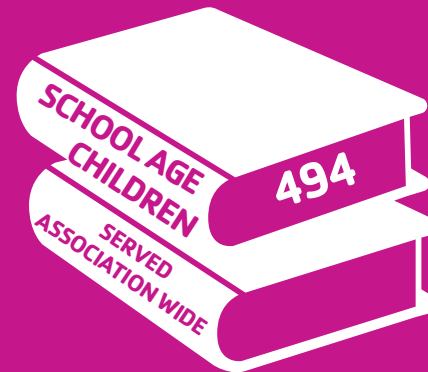

Fall River YMCA

Programming at the BayCoast Bank Educational Achievement Center is off to a wonderful start thanks to our volunteer advisory board and our first cohort of program volunteers—Teacher Leaders. We recruited 14 Teacher Leaders, created our schedule, identified our students and got to work. The advisory board helped to identify and purchase a very engaging literacy curriculum called KidzLit that our volunteers have found to be easy to implement, impactful for the students and fun for them to participate in. The board has also helped us problem solve and implement this brand new program at the Fall River YMCA.

Our Teacher Leaders have jumped right in and are forming very positive relationships with their students who range in age from 5 to 10 years. All of our children are low income and many are behind academically. The volunteers have shown tremendous caring and patience. The first 65 children enrolled are truly enjoying the time and attention the volunteers are giving to them. We could not be more fortunate than to have a wonderful, smart and committed group of volunteers, both to help guide us as part of the Advisory Board and to support our students as Teacher Leaders. We know that our early success, thanks to their help and hard work, has positioned us to grow in the coming year and make a greater impact on closing the education achievement gap in Fall River.

Nurturing our youth in educational achievement

Community Transformation

YMCA Southcoast partnered with Voices for a Healthy SouthCoast, Southcoast Health System and many other community organizations and concluded work on a two-year \$1 million Community Transformation Grant funded by the Centers for Disease Control. The SouthCoast Healthy Housing and Workplace Initiative (SCHHWI) worked to reduce the future incidents of chronic disease in the communities with which we work, live, and play. By promoting healthier lifestyles, reducing tobacco consumption, encouraging smoke-free workplace and housing policies SCHHWI was able to affect the following:

SMOKE FREE HOUSING—PUBLIC & PRIVATE

7,426 residents affected

TOBACCO FREE EMPLOYERS/EMPLOYEES

4,229 employees affected · 12 employers

BEHAVIORAL HEALTH EMPLOYEES AND CLIENTS

15,410 clients affected

**TOTAL NUMBER OF PEOPLE NOW LIVING,
WORKING AND RECEIVING SERVICES IN A SMOKE
FREE ENVIRONMENT DUE TO THIS INITIATIVE
27,065**

Togetherhood Project

New Bedford YMCA

A member-led community service program initiated at the New Bedford YMCA, Togetherhood invites Y members to activate their social responsibility by participating in the Y's cause to strengthen community. Togetherhood provides Y members with fun, convenient and rewarding ways to give back and support their neighbors and community.

In 2014, our youngest members in our afterschool program got involved, with the help of their parents of course, by holding a blanket and clothing drive to help our local homeless shelter during the long cold winter months. We were able to deliver three loads of winter belongings to help our neighbors. Projects for 2015 include some neighborhood cleanups in the summer, and a prom dress drive the following spring.

**YMCA Southcoast appreciates our volunteers
who give of themselves and time to help others**

New Skill Development

Gleason Family YMCA

The Gleason Family YMCA provided a session of swim lessons to all the third grade students at Minot Elementary School in Wareham, MA during the two fall sessions of 2014. The Yawkey Foundation and A D Makepeace Neighborhood Fund were the funding sources for this program. Approximately 150 students participated in each of the 8-week session of lessons.

The Y has taught swimming skills to many students who did not have them, and may never have had an opportunity to learn. This program was made available at no cost to the students and families. The community connection with the school department has been a great partnership. The collaboration was critical: the school department provided the transportation, teacher/staff support and time during the school day to execute the program. With many ponds and beaches, learning to swim is vital. Exposing our children to water safety and swim lessons helps us keep the children in our community safe.

**Building skills and confidence
while learning water safety**

CFO and Treasurer's Message

2014 was a year of strong financial growth for our association. Child Care enrollment recorded record highs with strong growth at most sites. Camp enrollment achieved its highest level since the early recession days of 2008, while membership remained steady. Operating finances stabilized and capital campaigns in Dartmouth and Fall River continued to move towards successful completion.

The Fall River YMCA renovation project was completed in April 2015 and the building is now fully operational with many upgrades and complete handicap accessibility. To date, \$4,500,000 has been raised in the community to help fund the \$11,200,000 project.

The Y is currently embarking on a project that includes a full service facility in Swansea, MA. We believe this investment will ultimately become a key component of the operations.

YMCA Southcoast continues to put our best efforts forward to strengthen itself and the community for the long term.

Buzzards Bay Coalition and Camp Massasoit

Mattapoisett YMCA

For the last three summers Camp Massasoit at the Mattapoisett YMCA has been in collaboration with the Buzzards Bay Coalition providing an active nature camp focused on learning and stewardship. This program provides great hands-on exploration backed with the knowledge of Buzzards Bay Coalition and supported and guided by caring, well-trained camp counselors.

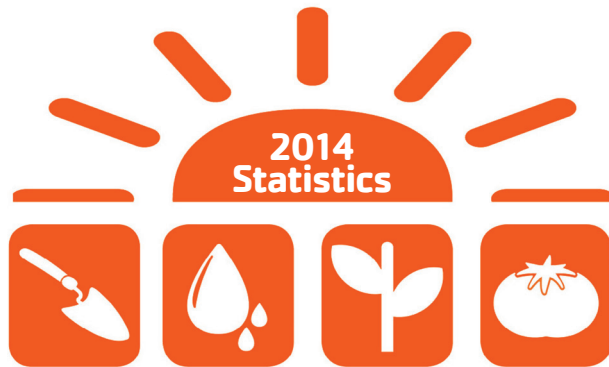

At River Exploration Camp, nature-loving kids spend a week exploring the Mattapoisett River from Snipatuit Pond all the way to Buzzards Bay. "River X" campers learn to catch blue crabs, net fish, identify plants and trees, paddle a canoe, and more. In addition to boating and nature exploration, "River X" campers participate in traditional camp activities.

Giving Back to Our Community

Dartmouth YMCA

Since 2006 the Sharing the Harvest Community Farm at the Dartmouth YMCA has brought thousands of volunteers together to raise hundreds of thousands of pounds of vegetables that is then distributed to various food pantries in our communities.

Y Financial Assistance

Dartmouth YMCA

Braiden Norton was diagnosed with JPA—Juvenile Pylositic Astrocytoma—a brain-stem tumor at age 2. His dad, Phil, is a single parent. Thanks to the YCares Financial Assistance program, Braiden, now 8, participates in after school, summer camp, karate and other programs at the Dartmouth YMCA. Braiden has undergone several experimental treatments for his tumor, including a recent one in early April. This has been a lifelong battle that he so courageously fights everyday with the help of YMCA Southcoast.
